### SAILOR TAILOR

Nautica sets sail along the coastline of Massachusetts for Fall/Holiday 2012, inspired by the iconic watermen of the American northeast: sailors, dockhands, admirals and coastal prepsters. The landscape of the Edgartown, Menemsha, and Chilmark towns of Martha's Vineyard highlights how New England's maritime history became intertwined with the Nautica brand's own heritage, creating a mixture of washed, rugged pieces and refined styles that make for a sense of timelessness. The men's line is inspired into three themes; Sail Loft, Harbors of Holiday and Black Pearl, all with timeless workmanship that makes the brand stand true to its roots.

### EARTHEN WEAR

To express its love for Mother Nature, Jeep launches the new Fall/Winter collection themed "Love the Earth". In line with its "Live Without Limits" tagline, the new collection is designed for both adventure lovers and urbanites who enjoy city lifestyle. The collection is also ideal to be the apparel for work and play in our tropical climate. To express love for the earth, the core colours of this collection are bold vibrant colours of nature.
