FASHION UNLIMITED

IT'S A WILD MIX OF COROZA NUT BUTTONS, GINGHAM PRINTS, DRIP ART, DENIM STONEWASH AND RUSTIC JUTE BOTTOMS THIS MONTH.

1. Feraud Timeless Classics

Feraud finds inspiration in the timeless and classic styles typical of Parisian fashion where the brand was created. The colour palette of this collection is dominated by shades of white, grey, blue, and black accentuated by romantic purple and bold red, while contrasting with materials like crisp and premium cotton and silky finishings to keep things fresh and classy. Available at all Outfitters Studio and leading department stores nationwide from RM89.90 to RM799.90.

2. Coach Krink Collection

In collaboration with Brooklyn-based street artist KR aka Craig Costello, the drip effects seen in the collection were painstakingly reproduced through a special 30-step silk-screen process that captures their subtle nuances, depth, texture and richness. It was important to Costello that the spontaneous nature of his style be represented. The collection is also available online at coach.com.

3. Cat Stratum

From Cat Footwear (Caterpillar shoes) comes this comfortable and durable pair for the laid back man. The deck style design is crafted from comfortable natural canvas, and is available in two colours (denim stonewash and hedge stonewash). In addition, the removable EVA insole prolongs the lifespan of the footwear. Get them at Stadium, Studio R and selected Royal Sporting House outlets at an affordable RM229 per pair.
