DAY 8

Colour-blocking stripes work best on a one-piece dress. If it's too much of colour for you, get a simple cover-up to tone down, such as the bleached-out chambray shirt here.

DAY 9

When mixing prints, stick to the same colour palette. This combo makes the florals pop but the tailored, polka-dot blazer tones down the playfulness.

DAY 10

We play with denim-on-denim (denim jacket over denim shirt), worn with striking, high-waist pants. The result? Stylish and edgy with a hint of androgyny.

DAY 11

A parka vest adds ruggedness to feminine pieces – and we like the utilitarian vibe of this get-up for an errand-running day!

DAY 12

A fun play on layering: a fitted cardigan underneath a loose blazer adds style to your outfit. With so much going on, keep colours to a minimum.

WORK LOOK

DAY 30

Street sassy

Feeling rugged and relaxed but don't want to look lazy? Style it up with a pair of bright-coloured socks worn with brogues for a trendy take.
