# COLOURS OF HOLIDAYS

Jeep Spirit entices the adventurous to do just that, break out this spring and summer

→ Everyone looks forward to a holiday, be it a road trip or a flight to a distant destination. It's a time of excitement brought on by possible adventure and the fun to be had. For Jeep Spirit, this spring and summer will be about bringing you the essence of being a carefree tripper.

As you embrace the holiday season, so does Jeep Spirit show you the path toward carefree apparel for the occasion. This new collection is a blend of the Jeep Spirit and Malaysian cultural identity to create one unique style.

City folk who live and play in the concrete jungle would be comfortable with the mix of key colours of black, grey, dark olive green, red, blue and yellow. It is both urban and natural.

As always, this Jeep Spirit collection is for everyone – men, women and kids – who enjoys a break from the mundane.

To kick off, the men's collection is a tribute to the adventurous and ambitious men of today. These are wardrobe essentials that are functional, comfortable and fashionable. Trendy geometric prints and mixed fabrics are subtly highlighted throughout the entire collection.

Tees feature classic fonts with Jeep Spirit taglines, vintage graphics and distressed effects for a retro feel. Some tees come in graphic prints inspired by Jeep vehicles from the 1960s. Men can match basic tops with plaid checked shirts and jeans, or with a hip and trendy jacket to

make each ensemble a unique reflection of the wearer's style.

With the women, Jeep Spirit seeks to inspire the expression of their adventurous souls in a unique and feminine style. Long dresses and classic tops in bright shades like red, blue and yellow and soft floral patterns are perfect for today's confident, feminine women.

Cultural elements, like tees in tribal and geometric prints, are also highlighted. For the fashionista, this collection offers trendy denim dresses, coloured vests, and shirts and jeans. In line with the authentic vintage style, checks and classic tees with vintage elements and graphics are prominently featured, lending an air of rugged sexiness.

The kids get rugged, outdoor fashion to match their carefree nature. For the summer holidays, classic tees and checked shirts with shades of nature are designed to be paired with shorts and jeans. His and her polo and basic tees come in colourful stripes and graphics inspired by nature. The girls can also indulge in beautiful denim dresses and shirts with woven prints that represent the beauty of different cultures.

The collection is another wonderful effort by Jordone Group to bring the outdoors spirit to Malaysian shores. Alongside its other brands like Chargers Outfitters, Snails Original and Feraud, the new Jeep Spirit collection will be at all Outfitter Studios and leading department stores.

## Dolce and Gabbana The One and The One for Men Limited Edition

↓ In the evolution of their fragrance line, D&G have released their new scents, The One and The One for Men in limited editions. The One comes in a gold bottle; conjuring visions of luxury while The One for Men is in platinum.

## Gucci Chime for Change

↑ Scents with a conscience, Gucci has launched a new campaign that will help the lives of girls and women everywhere. The Chime for Change branding will appear on five Gucci Parfums including Guilty pour Femme and Guilty pour Homme, Premiere, Flora by Gucci and Gucci Made to Measure.
